

## CURRICULUM VITAE

### JOHN CHARIN SOMBERG, M.D.

- Born:** .....
- 1966:** .....
- 1970:** A.B. New York University College of Arts & Sciences, Heights Center, Bronx, New York
- 1974:** MD New York Medical College, New York
- 1974-75:** Medical Intern, New York Medical College, NYC, NY
- 1975-76:** Medical Junior Resident, New York Medical College, Department of Medicine, NYC, NY
- 1976-77:** Chief Medical Resident, New York Medical College
- 1977-79:** Fellow Cardiovascular Medicine, Peter Bent Brigham Hospital, Harvard Medical School, Boston, MA
- 1979-80:** Instructor of Medicine, Peter Bent Brigham Hospital, Harvard Medical School, Boston, MA
- 1980-85:** Assistant Professor of Medicine and Pharmacology Albert Einstein College of Medicine, Bronx, NY Director Cardia, Arrhythmia and Clinical Electrophysiology Service, Hospital of the Albert Einstein College of Medicine
- 1985-88:** Associate Professor of Medicine & Pharmacology. Albert Einstein College of Medicine. Director, Cardiac Arrhythmia & Clinical Electrophysiology Service
- 1985-94:** Editor - Journal of Clinical Pharmacology
- 1988-89:** Associate Professor of Medicine & Pharmacology Associate Chief of Cardiology, Chief, Division Clinical Pharmacology, Finch University of Health Sciences/The Chicago Medical School, North Chicago, IL
- 1989-98:** Professor of Medicine and Pharmacology Chief, Division of Cardiology; Chief, Division of Clinical Pharmacology, Finch University of Health Sciences/The Chicago Medical School, North Chicago, IL
- 1998 to Present:** Chief, The Division of Clinical Pharmacology, Professor of Medicine and Pharmacology, Rush University Medical College. Rush Presbyterian-St. Luke's Medical Center, Chicago, IL
- 1994 to Present:** Editor - American Journal of Therapeutics®
- 2003** Adjunct Professor of Medicine, Cornell University, Weill Medical College

**Memberships:**

American Heart Association Council on Basic Science and Clinical Cardiology

Federation for the Advancement of Science Experimental Biology

American Federation of Clinical Research

Chicago Chapter, American Heart Association

Board of Governors, American Heart Association of Metro Chicago

Fellow, American College Of Clinical Pharmacology

Regent, American College of Clinical Pharmacology

Board Certification, Clinical Pharmacology, 1991

**Licenses:**

1975 - Medical License New York State

1975 - Certification by National Board of Medical Examiners

1977 - Massachusetts Medical License

1988 - Illinois Medical License

**Honors:**

1970 - Outstanding Student Researcher Award  
New York University

1974 - Frank C. Pollack, MD Award for Unusual Excellence in  
Medical Research, New York Medical College

1980 - Established Investigator American Heart Association

1985 - Regent, American College of Clinical Pharmacology

1991 - Distinguished Service Award, American College of  
Clinical Pharmacology

1991 - Re-elected third term Regent, American College of  
Clinical Pharmacology, 1991-1996

**Research Training:**

1967-69: Physiology Technician, New York University

1969-70: Research Associate, NYU Behavioral Physiology Section

1971-74: Student Researcher, New York Medical College Division of Cardiology, New York Medical College

1975-77: Director of Animal Research Laboratories Division of Cardiology, New York Medical College

1977-79: Research Fellow in Medicine, Harvard Medical School

**Editorial Board Memberships:**

Journal of Clinical Pharmacology

American Journal of Cardiology

Forum Medicum: Drug Therapy for the 90's Clinical Pharmacology:  
Therapy & Toxicity

**Journal Reviewer:**

American Heart Journal

American Journal of Cardiology

The American Journal of Managed Care

**Previously Reviewed for:**

Critical Care Medicine

New England Journal of Medicine

Annals of Internal Medicine

Circulation

Life Sciences

**Editor:**

Journal of Clinical Pharmacology  
1982 – 1994

American Journal of Therapeutics  
1994 - present

## **Book Chapters:**

1. Somberg, JC: Clinical Use of Class Ic Antiarrhythmic Drugs. In: Antiarrhythmic Drugs; E.M. Vaughan Williams. Springer-Verlag; New York, 1989.
2. Somberg, JC: Cifenaline in Current Cardiovascular Drug Therapy. W.B. Saunders 1989.
3. Somberg, JC: Tocainide in Current Cardiovascular Drug Therapy. W.B. Saunders 1989.
4. Somberg JC, Kraemer J, Zevitz M: Acute Pharmacologic Therapy of Cardiac Arrhythmias in Emergency Medicine. W.B. Saunders 1989.
5. Somberg JC, Zevitz M: The Pharmacology of Antiarrhythmic Drug Therapy. Principles and Practices of Emergency Medicine, 1990.
6. Somberg, JC, Colucci R: The Treatment of Cardiac Arrhythmias in Essentials of Critical Care; Pharmacology Ed Bart Chernow, Williams and Wilkins; 1994.
7. Colucci R, Somberg JC: The Treatment of Cardiac Arrhythmias. Chernow: The Pharmacologic Approach to the Critically Ill Patient, Second Edition, 1992.
8. Colucci R, Somberg JC: Essentials of Critical Care Pharmacology. B. Chernow: The Pharmacology Approach to the Critically Ill Patient, Third Edition, 1994, pp 313-337.
9. Somberg JC: The Evolving Drug Discovery and Development Process. Marcel Dekker, Inc. New York, NY 1996.
10. Somberg JC, Molnar J: Atrial Fibrillation and Valve Disease. In - Borer JS, Isom OW (eds): Pathophysiology, Evaluation and Management of Valvular Heart Diseases. Adv Cardiol. Basel, Karger, 2002, vol 39, pp 39-48.

## **BOOKS:**

1. Vaughan-Williams M, Somberg JC: Control of Cardiac Rhythm. Lippincott-Raven, Philadelphia, PA 1997.
2. Borer J, Somberg JC: Cardiovascular Drug Development. Marcel-Dekker, Inc., New York, NY 1997.
3. Somberg JC: Contemporary Diagnosis and Management of Cardiac Arrhythmias, Handbooks in Health Care. Newton, PA 2000.

## **SYMPOSIA CHAIRED:**

1. New Antiarrhythmic Agents; American College of Clinical Pharmacology Meeting, 1980.
2. New Antiarrhythmic Agents in the Prevention of Ventricular Tachycardia; American Heart Association Meeting, 1982.

3. Drug Interactions of Clinical Importance; American College of Cardiology Annual Scientific Session, 1983.
4. QT Prolongation; Antiarrhythmic or Pro-arrhythmic; American College of Cardiology, 1984.
5. New Antiarrhythmic Drugs; American College of Cardiology, 1984.
6. Neural Excitatory Effects of Digitalis: 200 Years; Symposium held at Albert Einstein College of Medicine, 1985.
7. Pharmacology of Antiarrhythmic Drugs; American College of Cardiology, 1989.
8. Clinical Model for Antihypertensive Therapy in the 90's; American Heart Association, 1990.
9. The Development of Antiarrhythmic Agents; American College of Clinical Pharmacology Annual Meeting, 1990.
10. Pharmacologic Agents and Congestive Heart Failure; American College of Cardiology, 1991.
11. Intensive Board Review Course, American College of Clinical Pharmacology, 1992.
12. Intensive Board Review Course, American College of Clinical Pharmacology, 1993.
13. Intensive Board Review Course in conjunction with American Journal of Therapeutics, Chicago Medical School, 1994.
14. Advances in Cardiovascular Pharmacology & Protocol Design and Methodology - Annual Meeting, 1980 to present. (Annual Meeting)
15. International Symposia on Cardiovascular Drug Development, 1990 to 1998.

#### **PHARMACEUTICAL STUDIES:**

1. The Anti-Anginal Effects of Propranolol: A Continued Multi-Center Study - Ayerst Laboratories.
2. The Antiarrhythmic Effects of Lorainide at Electrophysiologic Testing - Janssen Pharmaceuticals.
3. The Antiarrhythmic Effects of Cibenzoline Determined at Electrophysiologic Testing – Hoffman LaRoche Laboratories.
4. Dose Finding Study for VPC Suppression by Cibenzoline - Hoffman LaRoche Laboratories.
5. VPC Suppression with Cibenzoline: A Multi-Center Randomized Controlled Study - Hoffman LaRoche Laboratories.
6. The Antiarrhythmic Efficacy of Bethanidine in the PES Laboratory – A.H. Robbins Pharmaceuticals.

7. The Electrophysiologic Effects of Lidoflazine in Man - Janssen Pharmaceuticals.
8. The Electrophysiologic and Antiarrhythmic Action of Bepridil in Man - McNeil Pharmaceuticals.
9. The Evaluation of a Possible Interaction of Bepridil and Digoxin in Man – McNeil Pharmaceuticals.
10. The Effects of Lorcainide on VPC Suppression in Man - Janssen Pharmaceuticals.
11. The Effect of Lorcainide, Lidocaine or Procainamide in Patients with Inducible Ventricular Tachycardia Post MI - Janssen Pharmaceuticals.
12. The Antiarrhythmic Effects of Bepridil: A Multi-Center Randomized Controlled Trial – McNeil Pharmaceuticals.
13. The Effects of Labetolol on Autonomic Function in Man - Schering Plough Corporation.
14. The Comparative Efficacy of Encainide and Quinidine in the Electrophysiology Laboratory in Patients with Inducible Ventricular Tachycardia – Bristol Myers Laboratories.
15. The Antiarrhythmic Effects of Ethmozine in Patients with Inducible Ventricular Tachycardia - DuPont Pharmaceuticals.
16. The Efficacy of Ethmozine in Suppression of VPC Frequency and Complex Arrhythmias - DuPont Pharmaceuticals.
17. The Antiarrhythmic Efficacy of IV Amiodarone in Patients with a Cardiac Arrest – Ives Laboratory.
18. The Effects of Tocainide Compared to Lidocaine in Prophylaxis of Arrhythmias Post MI – Merck Sharp & Dohme Laboratories.
19. A Randomized Parallel Controlled Trial of Cibenzoline versus Quinidine in the Prevention of Atrial Fibrillation or Atrial Flutter - Hoffman LaRoche Laboratories.
20. Ezmolol for the Treatment of Unstable Angina - American Critical Care.
21. Flestolol for the Control of the Ventricular Response in Patients with Atrial Fibrillation or Atrial Flutter - DuPont Critical Care.
22. The Antiarrhythmic Effects of D-Sotalol at PES - Bristol Myers Laboratories.
23. The Comparative Effects of Sotalol and Procainamide in Patients with Ventricular Tachycardia at Electrophysiologic Testing - Bristol Myers Laboratories.
24. The Efficacy of Sotalol in Suppressing VPC Frequency Bristol Myers Laboratories.
25. The Efficacy of Decainide as Contrasted to Procainamide in Patients with Sustained Ventricular Tachycardia - Eli Lilly Laboratories.

26. The Comparison of IV versus Oral Flecainide, in Patients with Ventricular Tachycardia at Electrophysiologic Testing - Riker 3M Pharmaceuticals.
27. A Randomized Placebo Controlled Trial of Sotalol for the Suppression of PVC's, Complex Arrhythmias and Non-sustained Ventricular Tachycardia – Bristol Myers Pharmaceuticals.
28. The Electrophysiologic Effects of Isradipine - Sandoz Pharmaceuticals.
29. The Efficacy of Adenosine in the Treatment of SVT: A Multi-Center Randomized Controlled Trial - Medco Research.
30. The Comparative Effects of IV Adenosine and Dipyridmole in Thallium Imaging – Astra Pharmaceuticals.
31. A Comparison of the Efficacy of Propafenone to Procainamide in Patients with Ventricular Tachycardia in the Electrophysiologic Laboratory – Knoll Pharmaceuticals.
32. The Efficacy of UK68,798 in Patients with Atrial Flutter or Fibrillation – Pfizer Pharmaceuticals.
33. The Anti-Anginal Efficacy of Betaxolol, A Placebo Controlled Randomized Study – Lorex Pharmaceuticals.
34. The Efficacy of Ramapril in Patients with Mild to Moderate Congestive Heart Failure – Hoechst Roussel Pharmaceuticals.
35. The Antihypertensive Effects of Terazosin in Hypertensive Patients: A Multi-Center Randomized Placebo Controlled Trial - Abbott Laboratories.
36. The efficacy of Quinapril in Patients with Congestive Heart Failure – Parke-Davis/Werner Lambert Company.
37. A Comparison of a Twice-a-Day Preparation of Procainamide with Procan SR in Patients with Frequent VPC's - Parke Davis Pharmaceuticals.
38. A Multi-Center Randomized Withdrawal of Lisinopril in Patients with Congestive Heart Failure - ICI Pharmaceuticals.
39. The Comparative Efficacy of Digoxin to ACE Inhibitors in Patients with Moderate Congestive Heart Failure - Burroughs Welcome Company.
40. The Anti-Anginal Efficacy of a New Topical Nitrate Preparation Determined by Exercise Testing - Ciba-Geigy Corporation.
41. The Anti-Anginal Efficacy of Isosorbide-5 Mononitrate in Patients with Exercise Induced Angina - Schering Plough Corporation.

42. A Study Investigating Safety and Duration of Effects of Isosorbide-5 -Mononitrate in a Controlled-Release Formulation in Patients with Stable Effort Angina Pectoris – Schering Plough Corporation.
43. A randomized trial of N-acetyl procainamide (NAPA) for the treatment of paroxysmal supraventricular arrhythmias (SVA-s) - Medco Pharmaceuticals.
44. A multicenter pilot study to assess safety and efficacy of Monoket® in patients with chronic stable angina pectoris - Schwarz Pharma.
45. Development of procedure to induce myocardial ischemia in patients with coronary artery disease via mental stress.
46. Protocol for the evaluation of topical nicotine preparations and optimal delivery.
47. A long-term (one-year) open-label, multicenter extension study of twice daily oral SK&F 108566 in patients with essential hypertension who have completed a clinical trial with SK&F 108566 - SmithKline Beecham Pharmaceuticals.
49. A 4-week, double blind parallel, placebo controlled, multicenter, trial of oral SK&F 108566 added to hydrochlorothiazide therapy in patients with essential hypertension – SmithKline Beecham Pharmaceuticals.
50. A dose response study of the safety and efficacy of Diltiazem once-daily extended release in the treatment of chronic stable exercise-induced angina pectoris – Hoechst-Roussel Pharmaceuticals Inc.
51. A Triple-Blind, Parallel Study to Investigate the Effect of Losartan versus Atenolol on the Reduction of Morbidity and Mortality in Hypertensive Patients with Left Ventricular Hypertrophy - Merck & Co., Inc.
52. Clinical Protocol for Controlled Onset Verapamil Investigation of Cardiovascular Endpoints (CONVINCE) - G.D. Searle & Company.
53. Omapatrilat Cardiovascular Treatment Assessment vs. Evalapril (Octave) - Bristol Meyers Squibb.

## **PRE-CLINICAL PHARMACEUTICAL STUDIES**

1. The Efficacy of Bethanidine With and Without Protriptyline in a Dog Model of Ventricular Tachycardia - A.H. Robbins Company.
2. The Efficacy of Lorcainide in a Dog Model of Ventricular Tachycardia – Janssen Pharmaceuticals.
3. The Efficacy of Cibenzoline in a Dog Model of Ventricular Tachycardia - Hoffman LaRoche Laboratories.
4. An Evaluation of the Antiarrhythmic Properties of Sulfinpyrazone -

Ciba Geigy Corporation.

5. An Evaluation of the Electrophysiologic Effects of Lidoflazine Using Programmed Electrical Stimulation in the Dog - Janssen Pharmaceuticals.
6. The Antiarrhythmic Effects of Metoclopramide - A.H. Robbins Laboratories.
7. The Antiarrhythmic and Possible Pro-arrhythmic Effects of Bepridil in the Dog – McNeil Laboratories.
8. The Heparin-Nitroglycerin Interaction and the Evaluation of Hirulog® in Combination with IV Nitroglycerin - Biogen, Inc.

#### **CONSULTING POSITIONS WITH INDUSTRY**

1. Hoffman LaRoche - Cibenzoline Program
2. Janssen Pharmaceuticals - Lorcaïnide and Cardiovascular Development Program
3. McNeil Pharmaceuticals - Beprilil Program; Created Anti-Anginal Development Plan
4. Medco Research - Adenosine and NAPA Development Program
5. Forrest Laboratories - Consultant
6. Solvay Pharmaceuticals - Consultant. Tedisamil Program
7. Proctor & Gamble Pharmaceuticals - Consultant.

#### **COURSES DEVELOPED**

1. Advances in Cardiovascular Pharmacology: Protocol Design and Methodology; Founded course and directed for past 22 years in Washington, D.C.
2. International Symposium of Drug Development: Protocol Design and Methodology: Founded course and directed it jointly with Dr. Jeffrey Borer for eight years.
3. Clinical Updates Program Department of Medicine, 1993-1994.

#### **GRANTS**

1. Studies on the Cardiotoxicity of the Cardiac Glycosides NIH Training Grant 1977-79; NIH Recipient.
2. Studies on the Neurally Mediated Arrhythmogenic Effects of the Cardiac Glycosides - Established Investigator; American Heart Association, 1979-84.
3. The Evaluation of the Neurally Mediated Effects of Oubain in the Cat - NIH 1980-83; Principal Investigator.

4. Established Investigator, American Heart Association, 1982-1985.
5. Studies on Atrial Fibrillation and Risk for Sudden Death, Jansen Research, 1983-1985.
6. The Antiarrhythmic Effect of Amiodarone in Patients with Congestive Heart Failure – Co-Principal Site Investigator, VA Cooperative Study, 1990.
7. Adenosine Testing in Angina, Astra Sponsorship, 1989-1990.
8. Biogen Sponsored Study on the Heparin-Nitroglycerin interaction, 1993-1995.

**ABSTRACTS:**

- A1. Cagin N, Somberg J, Bounous H, Mittag T, Raines A, Levitt B. The influence of spinal cord transection on the tissue content of ouabain (H3) associated with ventricular fibrillation in the cat. *Fed Proc* 31:584, 1972.
- A2. Freeman E, Cagin N, Somberg J, Mittag T, Levitt B. Propranolol inhibition of ouabain uptake in the isolated guinea pig heart. *Fed Proc* 32:718, 1973.
- A3. Szabo A, Somberg J, Levitt B. Potentiation of ouabain cardio-toxicity by insulin on the perfused guinea pig heart. *Diabetes* 23 (Suppl 1): 353, 1973.
- A4. Cagin N, Freeman E, Somberg J, Bounous H, Raines A, Levitt B. Failure of dose to reflect toxic myocardial ouabain content in the cat. *Fed Proc* 34:746, 1975.
- A5. Somberg J, Bounous H, Cagin N, Levitt B. The protection prostaglandin E1 and E2 afford against ouabain induced cardio-toxicity. 7th European Congress of Cardiology, June 1976, Abstract Book I, 640.
- A6. Somberg J, Bounous H, Cagin N, Levitt B. Prostaglandin protection against ouabain induced cardiotoxicity. *Advances in Prostaglandin and Thromboxane Research*, Vol 2, B. Samuelson and R. Paoletti (eds.), Raven Press, 1976.
- A7. Somberg J, Cagin N, Levitt B, Kleid J, Levi R, Gerrity M, Bounous H. The influence of histamine H2 receptor antagonists on ouabain cardiotoxicity in the cat. *Am J Cardiol* 39:275, 1977.
- A8. Somberg J, Bounous H, Cagin N, Levitt B. The protection prostaglandin E1 and E2 afford against ouabain-induced toxicity in the cat. *Bull NY Acad Med* 53:3, 1977.
- A9. Somberg J, Cagin N, Levitt B. Inhibition of myocardial adriamycin uptake. *Fed Proc* 36:303, 1977.
